PUBLIC NOTICE

Recreation Grounds: New Field Construction

Council wish to advise that construction has commenced on the new field at the Cloncurry Recreation Grounds. Works commenced Wednesday 11 November 2015 with an anticipated completion of late March 2016. For your safety, the north east corner of the Recreation Grounds will be completely closed to the public for the duration of the works. This closure includes the area between the horse stables and Margaret Street, and Station Street and King Streets, as shown below.

As part works for the new field, Council will be preparing the soil with manure. Whilst every effort will be made to reduce impacts on the adjoining residential area, residents may experience increased odours and dust during the month of November.

The oval, skate park, tennis courts and netball courts will be remain accessible for your use for the duration of the works.

Council appreciates your patience and cooperation during this time.

Should you have any queries in respect of this matter, please contact Manager Community Development Karen Grimm at the Council Administration Office on 4742 4100.

Yours faithfully,

David Neeves
Chief Executive Officer
Cloncurry Shire Council
