PUBLIC NOTICE

PROPOSAL TO AMEND SUBORDINATE LOCAL LAW

Cloncurry Shire Council (Council) is proposing to amend its current Subordinate Local Law No. 2 (Animal Management) 2014.

Local Law and Subordinate Local Law No. 2 (Animal Management) 2018

The purpose of the current local law and subordinate local law is to regulate and manage the keeping and control of animals in the local government’s area in a way that:

- balances community expectation with the rights of individuals;
- protects the community against risks to health and safety;
- prevents pollution and other environmental damage; and
- protects the amenity of the local community and environment.

It achieves this by providing for:

- the regulation of the keeping of animals in terms of how many, what type, how, and were animals can be kept;
- the prescription of minimum standards for keeping animals;
- the proper control of animals in public places;
- the management of dangerous or aggressive animals and other dogs;
- the seizure and destruction of animals in certain circumstances; and
- the establishment and administration of animal pounds.

Further information about the proposed amendments to the existing subordinate local law can be found in the following document:
