

# Corporate Plan 2021-2026

# INTRODUCTION FROM MAYOR & CEO

## Mayor Greg Campbell

I am very proud to present the Cloncurry Shire Council Corporate Plan 2021-2026. The Corporate plan is a statutory requirement for Council, but more importantly it is our vision for the community for the next 5 years.

The plan sets the direction for the CEO and staff to create operational plans and budgets for the Council.

The vision is to create and maintain a safe and vibrant community for our families and businesses to thrive and prosper.

Maintaining our critical infrastructure to an acceptable level and providing the services required by a modern country town are the foundation of the Plan.

Highlighting our strong industries and promoting new opportunities for our people and businesses is a key focus area.

This Plan sets a direction of well-planned investment in community infrastructure to enhance the liveability and growth of our Shire and continues

to position Cloncurry as a driver of positive change and prosperity in the region.

Greg Campbell

Mayor

## Chief Executive Officer Phillip Keirle

Council's Corporate Plan outlines the vision, goals, outcomes and strategic actions for council as an organisation over a five-year period. These goals, actions and outcomes have been shaped by community engagement and expectation, by emerging trends and technologies, by our recent experiences with flood and drought, by regulatory context and compliance requirements, by prevailing social and economic conditions and by our mandate to leave the world a little better than how we found it.

To determine if we are achieving the latter and to drive the accountability of Councillors and Council Officers, the Plan also outlines the performance indicators that will be used for measuring our progress and successes. These indicators are at their broadest in the Corporate Plan and elaborated in ever greater detail in the annual Operational Plans, budgets and corporate

strategies that are derived from the Corporate Plan. This provides our stakeholders with the opportunity to track our progress via monthly Council meeting reports, quarterly Operational Plan reports, Council's Annual Reporting requirements and through continued consultation with our stakeholders.

If we discharge our responsibilities well, we will deliver efficient, effective and sustainable services to the community. This is our aim and this is what we want to be judged on.

Philip Keirle

Chief Executive Officer

# INTRODUCTION TO CORPORATE PLAN

## OUR VALUES

## OUR VISION

Cloncurry: a growing Shire renowned for its friendliness and prosperity, for its outstanding communities, lifestyle, and endless opportunities.

## OUR KEY SERVICE AREAS

1. Investing in Our Communities, People & Lifestyle
2. Strengthening Our Economies & Supporting Growth
3. Building and Maintaining Our Infrastructure
4. Valuing Our Environments
5. Effective & Inclusive Governance

Corella Dam

# About the Corporate Plan

## LEGISLATIVE REQUIREMENTS

It is a statutory requirement under section 165 of the Local Government Regulation 2012 that Council develops and adopts a Corporate Plan.

1. A local government must prepare a 5-year corporate plan for each period of 5 financial years.
2. A local government must adopt its 5-year corporate plan in sufficient time to allow a budget and annual operational plan, consistent with the corporate plan, to be adopted for the first financial year that is covered by the plan.
3. A local government may, by resolution, amend its 5-year corporate plan at any time.
4. A local government must discharge its responsibilities in a way that is consistent with its 5-year corporate plan.

## PLANNING FRAMEWORK

The Cloncurry Shire Council's Corporate Plan 2021-26 is a set of strategic themes and goals that will guide the Council's strategies, policies, programs, service delivery and capital works for the term of the plan – 1 July 2021 to 30 June 2026.

The Corporate Plan is a road map for the future, it is not a detailed business plan or action plan supported by Council's annual Operational Plan which details the activities and projects planned to achieve our goals. The Annual Budget provides the funding and resources to meet the objectives of the Operational Plan.

## PRINCIPLES

Council operates under principles-based legislation. This requires that Council adheres to and promotes the following:

LOCAL GOVERNMENT PRINCIPLES	SOUND CONTRACTING PRINCIPLES
<ol style="list-style-type: none"><li>1. Transparent and effective processes, and decision-making in the public interest.</li><li>2. Sustainable development and management of assets and infrastructure, and delivery of effective services.</li><li>3. Democratic representation, social inclusion, and meaningful community engagement.</li><li>4. Good governance of, and by, local government.</li><li>5. Ethical and legal behaviour of councillors and local government employees</li></ol>	<ol style="list-style-type: none"><li>1. Value for money; and</li><li>2. Open and effective competition; and</li><li>3. The development of competitive local business and industry; and</li><li>4. Environmental protection; and</li><li>5. Ethical behaviour and fair dealing.</li></ol>

## COMMUNITY CONSULTATION

A draft Corporate Plan was prepared and circulated for community comment for a period of 21 days from 26 May 2021 to 16 June 2021. This gave the community the opportunity to review the draft plan and provide comments back to Council for consideration. Following consideration by Council, the Corporate Plan 2021-26 was adopted by Council at [insert details].

# PRIORITY PROJECTS & INITIATIVES

The following projects and initiatives are those that Council is focused on delivering over the next five years. Given the degree to which Council leverages external funding and partnerships to deliver Priority Projects, it is difficult to indicate with absolute certainty which projects will be completed in which year of the Corporate Plan 2021-26. It is also important to recognise the degree to which Council exercises direct influence and control over project delivery. In some instances, Council has full control is devising and delivering a project; in others, Council seeks to advocate and invest to secure outcomes that will be delivered by others.

## PRIORITY PROJECTS(COUNCIL)

- Development of a signature multi-purpose tourism, recreation and community facility in Cloncurry
- Upgrade to the Saleyards Precinct
- Scarr Street Upgrade
- Chinaman Creek Dam Reserve & Walkway Upgrades
- Acquisition of Corella Dam
