## Kerbside Collection 18 – 22 November 2024

In preparation for the storm season, **Council is offering a free residential kerbside collection. Collections will be between 7:00am and 2:00pm each day, commencing on Monday, 18 November 2024, through until Friday, 22 November 2024.**

This service is being conducted in addition to the regular rubbish collection service and aims to assist residents with a pre-storm season tidy-up.

This kerbside collection applies to residents living in the Cloncurry designated town area.

The following rules apply to the hard waste collection service:

- The collection of vehicles can be arranged by appointment only. Contact Council to organise a collection on 07 4742 4100.
- All items (other than vehicles) should be a manageable size and weight for a two-person lift.
- All loose and breakable items must be contained in boxes or bags.
- Council is not permitted to enter properties to collect items. All items must be placed in a safe place, on the kerbside.

See the next page for more information about what items are suitable for collection and what is not.

**Residents are advised to place all acceptable unwanted waste and green waste on the kerbside no more than 2 days prior to Monday, 18 November 2024.** Council advises that it is the responsibility of the resident to ensure items are secured when placing them on the kerbside. Failure to do so may result in infringement.

Should you have any queries in respect of this matter, please contact Council on 07 4742 4100 or [council@cloncurry.qld.gov.au](mailto:council@cloncurry.qld.gov.au).

Philip Keirle

Chief Executive Officer
