Valve Testing – Dajarra

Council will be conducting valve testing in Dajarra in an effort to shed light on recent water losses in Dajarra.

Please be advised that valve testing will take place twice nightly between **10pm and 1am and again from 2am until 5am** on the following dates:

- **Friday evening and early Saturday, 26th and 27th of April 2024,**
- **Saturday evening and early Sunday, 27th and 28th of April 2024; and**
- **Sunday evening and early Monday, 29th and 30th of April 2024.**

This testing is essential for identifying any potential leaks or inefficiencies in our water distribution system.

During the testing period, residents may experience minor fluctuations in water pressure. We apologise for any inconvenience this may cause and appreciate your understanding and cooperation.
