

PUBLIC NOTICE

Leak Detection Services in Cloncurry

As part of the North West Queensland Water Security and Drought Management Initiative, Council has commissioned a specialist contractor to complete leak detection services in **OCTOBER 2025, finishing up Sunday, 26 October**. Key points to note:

- Non-destructive condition assessment of Council's water mains network, including valves and hydrants;
- Contractor to identify and map any leak locations and flow rates and confirm intervention requirements with Council;
- Map and confirm asset locations to reconcile with existing GIS data.

Philip Keirle
Chief Executive Officer
