

PUBLIC NOTICE

Localised Overnight Water Outage

8 April 2025

Water Mains & Pump Station - Maintenance

Council will be carrying out night works at the intersection of **Seymour Street and Mcllwraith Street**. Council will also take this opportunity to complete some maintenance works at the **Seymour Street Pump Station**.

WATER OUTAGE SCHEDULE	
Night Works	11.00pm Tuesday, 8 April 2025, 3.00am to Wednesday, 9 April 2025
Streets/Areas Impacted	Streets/Areas Impacted are as follows (see Figure 1) <ul style="list-style-type: none">• Absolon Crescent• Brisbane Street• Dutton Street• Governess Street• Griffith Street• Martel Crescent• Mcllwraith Street• Miles Street• Musgrave Street• Palmer Street• Payne Street• Perkins Street• Railway Street• Seymour Street• Steele Street

Properties east of the intersection of Seymour Street and Mcllwraith Street on town water will lose water or pressure during the works. See Figure 1. Once the water is turned back on, pressure in the line will be increased gradually. Water pressure should be back to normal by 5:00am.

Following the works, the lines will be flushed for 15-20 minutes until the water is clear. If you notice discoloured water, run the tap nearest the water meter for up to 5 minutes until the water runs clear. Then run the tap inside for up to 5 minutes, until the water runs clear

Should you have any questions or concerns in respect of this matter please contact Council's Administration Office, on 07 4742 4100 or council@cloncurry.qld.gov.au
