

PUBLIC NOTICE

Perkins Street Temporary Water Services Disruption 31 August 2022

Perkins Street (between Railway Street and Miles Street) may have water supply disruption for approximately 30 minutes, which will occur from 12:00pm on Wednesday, 31 August 2022.

Council has engaged contractors Gulf Civil Pty Ltd to undertake the civil works components as part of Perkins Street Housing Development Project. Part of these works involve the installation of stormwater service infrastructure across Perkins Street.

The contractor has advised that residents along Perkins Street (between Railway Street and Miles Street) may have water supply disruption for approximately 30 minutes, which will occur from 12:00pm on Wednesday, 31 August 2022. This work was originally planned and advertised for Tuesday; however, the recent rain has delayed it by 24 hours.

Should you have any questions or concerns in respect of this matter please contact the Senior Project Manager, Rithy Poch, at the Council administration office.

We kindly thank you for your patience and understanding during these works.

Philip Keirle

Chief Executive Officer

30 August 2022
